
Errata

Amin, J. Heath, T. and Morrell, S. Hepatitis A in Australia in the 1990s: future directions in surveillance and control. *Commun Dis Intell* 1999; 23:113-120.

The organisation with which the first author is affiliated is the National Centre for Immunisation Research and Surveillance of Vaccine Preventable Diseases (NCIRS).

A sentence towards the end of the Methods section (paragraph 1, page 115) should read 'The outbreak level is defined as the number of notifications occurring in a month for which the probability of that number occurring is less than 0.05, based on the expected number of notifications per month being the average number of notifications per month'.
